Hello Tadeusz, I'm sending you an email which we have received from Konstantin so if we won't get an order confirmation for containers by tomorrow then we have to forget about Monday that's what Mr. Macie Golebski from the transportation company said so I'm leaving this for you guys. Tadeusz, I will appreciate if you won't forget about our tomorrow's agreement. That's a little change to this project so what do you think if we do 3.500 sets taking under consideration that this is not a student campus except for a fact that every 5 years we will have to exchange some pieces for a new one so during a one year how many things will fall away or how many drawers we will have to fix it and things like that so it means that simply we never will get out of there its just a drop in the sea.

Best regards, Bogdan Kaczor

Babi

We have met with Mr. Tadeus today. He acts like nothing happened. Tomorrow we will check upon the order. Looks like everyone works but nothing moves forward. Tomorrow he is going to load two containers. We are going to be there and we will see what else has to be done. Today he wasn't able to answer this question. David checked the factory and he likes it. I have tried to explain to Tadeus that it is very important to finish this project this week. Then we will have an opportunity to continue our cooperation with them. I think Tadeus understood that this is very important case if David came by to see him.

Babi.

Spotkalismy sie dzisiaj z Tadeuszem.

Zachowuje sie jak by nic sie nie stalo.

Jutro zobaczmy jak tam z tym zamowieniem.

Wyglada ze wszyscy pracuja ale nie widac zeby sie cos posuwalo do przodu.

Jutro ma ladowac dwa kontenery.

Mamy byc przy tym i okresli sie co jeszcze zostalo do zrobienia.

Dzisiaj nie mogl odpowiedziec na to pytanie.

David zobaczyl jak wyglada fabryka, wszystko mu sie podoba.

Staralem Tadeuszowi wytlumaczyc ze jest to bardzo wazne zeby zakonczyc ten projekt w tym tygodniu.

Wtedy mamy szanse na dalsza wspolprace z nimi.

Tadeusz mysle ze zrozumial ze jest to powazna sprawa jak sam David przyjechal sie z nim spotkac.

Artur.

Tomas please translate this to tedeuse.

Mr tedeuse you have to understand our position whith this order a lot of dates were promised as far as deliverys . as i am pleading and begging you to be on top of this project as our last hope was for the last containers to be here before June 30 th and of course it has not happaned.

as i was speaking to Tomas he informed me that the project will be finished by the end of June our last hope was for the last containers to be shipped through Beethoven by July 2 as there is a ship leaving on that date but if the containers leave your factory by the end of June it will not make it on time .

so for once more i am begging you for the last containers to leave no later than June 27 th the latest in order to make that ship.so please as we have by past our schedule there is no alternative as we will be faced whith a lot of problems and most likely littigation if these delivery dates are not met .

as i have e mailed previously we went whith the last schedule that we made on my visit to Poland .

i have signed a personal guaranty on these dates based on those that you have given us.

so i am begging please you have to do the impossable possible to have those goods on the road on that date truly Steve tepelidis

non of the dates that were promised have been met  
 non of the items that were supposed to be on those containers are on as the last 3/ contain only certain parts.while Lester was in the factory he kept telling that there wore 120 complete sets to be shipped as we were finding out through the packing slips only parts 2 and 3 were shipped.  
 and the biggest problem the rest will be shipped by the end of June verses of what they told Lester 3 more containers were going to leave next Tuesday .  
 this project has created so many problems and headaches and slip less nights for all of us .  
 and that's because of all the misinformation that we are receiving or not having a person on top of this project. on our last visit to Poland tedeuse swore/ and promised/ gave me his word that the schedule that he gave me is binding/ well as we all can see ?  
 now is up to you to start putting more pressure for those containers to go out no later than the 27 th of June .  
 as i have signed a persona l guaranty with our clients it was the final.and i cannot buy any more time .  
 as we all understand its not only the delivery i have to do all of the assembly .and installations .  
 as i have written a personal letter to tedeuse begging and pleading whith him for those containers to leave his factory by the 27 th of June in order to make the last ship to bremerhaven and to be here by the 12 th of July

to Arthur  
concerning the construction of the desk  
as you were in my factory and saw the difficulty of assembling the desks .  
is there an easier way for the factory to send them more assembled as discussed so many times on the way they  
should be shipped.  
1 assemble base whith the cabinet  
2 assemble middle part whith the drawer essembled  
3 assemble upper hutch complete  
this is the way we discussed so the only thing we have to do is  
the desk to come in 4 parts  
please explain to tees that it is very difficult and time consuming to assemble them here  
waiting for your reply

Po otrzymaniu 5 kontenera powinniście mieć 175 szt biurek + 5 szt . wysłanych samolotem wcześniej.  
Razem 180 szt.

Jeżeli chodzi o te dodatkowe elementy, to są tak zwane części zamienne na wypadek, jakiś uszkodzeń.

Sprawdź ile macie dokładnie biurek razem.

Jeżeli chodzi o biurka, które jeszcze nie zostały wysłane, to otrzymacie je w ten sam sposób co poprzednie,  
ponieważ wszystkie okucia potrzebne do ich montażu wysłaliśmy już w 10 kontenerze.

Proszę wysłać kontenery tak żeby przyszły jak najszybciej.  
Jak wiemy z Niemiec dochodzą za 12 dni.  
Nie mamy czasu żeby szły trzy tygodnie.

Brakuje 3 biurka. Proszę o zrobienie dodatkowo trzech biurek.  
To co pozostało .  
Są tylko 3 blaty , dwie nogi , kilka szuflad.  
Nie można z tych części skompletować tych trzech biurek.  
Jak przyjedziecie to te rzeczy które zostały są do wglądu.

Dzięki.

After receiving the 5<sup>th</sup> container you should have 175 pieces of desks plus 5 pieces which we sent earlier by plain. Together it is 180 pieces. According to the additional pieces you need them just in case they are extra once. Please check how many desks you have all together. Also, according to the rest of unsent desks you will get them the same way as previous one because everything that is needed for assembling we send already in the 10th container

Please send out the containers in a short matter of time so we can receive them soon as possible. As we know from Germany we can get them in 12 days. WE don't have time to wait for another 3 weeks. I'm missing 3 desks so please make 3 extra one. The only things left are only those 3 countertops, 2 legs, and a couple of drawers. We can't create 3 desks from those pieces. When you come here you will take a look at those pieces.

Thanks

How can you treat them like this??? I'm not talking about us because we still want to get this project done to save our polish faces, reputation and to get your money for this!!!! I'm waiting for your response which you can send to me or straight to him I don't care because at least you should show him some respect. All the best, talk to you latter

Tadeus.  
Tomasz.

I received an email from Steve.

I'm introducing to you the situation with the first 180 units. You sent in desks that are not pieced together. Yesterday they finished putting together the last part. They started to assemble them. During assembling we found out that in Headboards you didn't make holes for regulation of shelves. The first five sets were ok. People should fix all mistakes by tomorrow. They said that a first check we should get by next week. If we will get the money then we will make a deposit.

You have to tell me what you are planning to do. They gave you the ultimatum until Friday morning. If you won't send out those last two containers, by Friday morning they will start the desk production on location. Everyone is getting so depressed by the way you are acting. I didn't expect that you will drive us to such situation. Besides that you destroyed a multimillion contract with them also you drive the Global Kitchen to bankruptcy. We are waiting for your response to this situation. Tadeus you didn't ensue for the order plus you make me look stupid in this very difficult situation. Like you see below email is for me and I have to translate it to you. I've guaranteed people that we can count on you and you won't let us down. But I was so wrong and now everybody blames me. I don't know what you can do now to find a right solution in this situation.

Dostałem e-mail od Steva.

Przedstawiam ci sytuacje z tymi pierwszymi 180 junitami.  
Przyslales nie poskladane biurka. Wczoraj skonczyli skladac ostatnia partie.  
Teraz zaczeli montowanie. W montowaniu wyszlo ze w Headboards nie zrobiles otworow  
do regulacji polki. W pierwszych pieciu zestawach bylo Ok. Ludzie powinni te wszystkie bledy  
naprawic do jutra. Powiedzieli ze pierwszy czek powinniśmy dostac w następnym tygodniu.  
Jezeli dostaniemy pieniadze to przelejemy.

Musisz sie okreslic co ty planujesz robic. Daja ci ultimatum do piatku rana.  
Jezeli nie wyslesz tych ostatnich dwuch kontenerow, to zaczynaja produkcje biurek na miejscu w piatek  
rano.  
Wszyscy sa juz zdesperowani to co ty robisz.. Nie spodziewalem sie ze doprowadzisz nas  
do takiej sytuacji. Oprocz ze zniszczyles multimilionowy kontakt z nimi to rowniez doprowadzasz  
Global Kitchen do bakrupstwa.  
Czekamy na twoje okreslenie sie do danej sytuacji.  
Tadeusz dosc ze ty sie nie wywiazales z zamowienia to stawiasz mnie teraz w bardzo trudnej sytuacji.  
Jak widzisz ponizej ten e-mail jest skierowany domnie zebym ci go przetlumaczyl.  
Gwarantowalem za ciebie ze mozna na ciebie liczyc i napewno nas nie zawiedziesz.  
Niestety ocena byla bledna , wszyscy maja domnie teraz protensje.  
Nie wiem co mozesz zrobic zeby z tego wyjsc.

" Przedstaw wszystkim tam w Polsce ta wiadomosc.  
My nie mozemy zgodzic sie na takie kontynuowanie tego projektu juz dluzej wiecej.  
My nie mozemy tolerowac tego dluzej wiecej.  
Przez te wszystkie dni dostawalismy rozne informacje jezeli wogole dostalismy jakiegokolwiek.

Jezeli zdecydowales sie odebrac telefon , sleszelismy tylko ze jutro bedziecie wiedziec.  
 Jak sie juz przekonales te odpowiedzi nie sa zadawalajace.  
 My jestesmy juz bardzo spoznieni i nawet nie moge patrzec w oczy moim klientom.  
 Nie wiem jak ty prowadzisz swoj biznes ale ja chce dalej utrzymywac dobre stosunki z moimi klientami.  
 Do tego moje dwa najwazniejsze kontenery zawiezliscie do Gdyni.  
 14 lipca odpływa kontener z Hamburga i te dwa kontenery maja sie na nim znalezc .  
 Ja nie chce slyszec ze jest to nie mozliwe , to zrobcie wszystko zeby bylo mozliwe.  
 Ja musze miec odpowiedz do piatku rana JES LUB NO.  
 Jezeli nie mam odpowiedzi do piatku rana ja uwazam odpowiedz za NIE.

We have something to do with Marcia.

People coming to the store and asking what is going on where my things. Two months past from consignment.

As you know you on one szafke 12 "1/42 " (One), the finishowy panel on the side of the Cabinet, (no) 3 1/4 " finiszowy kawel between Cabinet, wykoczony with the two parties (not his) and doors that may wade from Cabinet 18 "1/42 ".(Przyszly)

As you please respond to them and help.

It seems to me to have this issue with air as soon as the normal bundle.

Artur.

Hello.

I haven't heard from you for a long time. How are you?

I have a question in regards to the USD that we received recently. I know that 35 000USD is for Steve's project and the 10 900 USD from your firm, where am I supposed to pass it to.

All the best

Subject: Collection of payment for Steve's project

Responding to this email one more time I would like to write sequence of payments order and of course our expenses in here. I'm talking about real expenses like material expenses and employees hired on our behalf and hourly rate not construction rate where everybody will make their own profit except of our time, transportation etc.

According to Tomka's deposits we also should add last deposited \$35,000.00 which gives us a new balance of \$123,314.0 plus like I said already bed production costs \$30,000.00 not 20,000.00 so we have to deduct \$10,000.00 so now on the total is \$113,314.00 all bills including beds (320 pieces) which you guys sent too late and their where not erect in our storage until Mt. Tadeusz showed up in our place. Additionally costs that have to do with assembling desks which where supposed to be assembled and where in pieces plus additional costs that had to do with a transport to Germany on wheels because the production was delayed. We have proofs in the character of bills nothing was made up the matter is for somebody to recall whole history and ask "how much guys loose on the project that has collapsed" if that is correct it would be \$20,000.00 but I might be mistaken because unfortunately I am home not at work at this time I think it is worth to do history with you because if every time we will encounter on such problems and losses like so far who will be doing anything for free or push money from ones own pocket just like we did until this moment?? Instead of Tadeusz should come and talk about what to do thereafter and how we will do it because now we are making a nonsense bother which don't make any sense we can still come back on the next project only if it is not going to be the way it was last order (10 kitchens) which practically were supposed to be with us right now and we still don't know if they were fabricated. Besides on which money were sent to you, project are paid (I am talking here about my own orders from Denton Stoneworks) and again I go and glimmer with my eyes before my client like a dum dum because I don't know what to say it is either in a week or two or it is not going to come in at all from what I am finding out from my last emails!!! Mr. Tadeusz please handle it seriously and write me back what you want to do and of course please include the data when will the kitchens be sent and about the rest of money from Steve you don't have to worry he said if he has to he will put money out of his pocket and he wanted to tell you that in person because he was with us last time when we were scheduled on the phone talk with you in which presumably you did not want to take a part. With regards I am waiting for your response, BKaczor.

Subject: Re: Zestawienie płatności do projektu Steva.

Odpowiadając na ten e-mail chciałbym jeszcze raz napisać kolejność płatności i oczywiście naszych kosztów tutaj na miejscu, mówię kosztów bo to były naprawdę koszty materiałów i pracowników przez nas zatrudnionych na zasadzie godzinowej nie contractorskiej gdzie ktoś po drodze powinien coś zarobić, pomijając nasz czas, dowożenie tych ludzi do pracy itp.

Do tych wymienionych przez Tomka wpłat trzeba doliczyć ostatnio wpłacone \$35,000.00 co daje nam balance \$123,314.00 do tego jak mówiłem wcześniej koszt produkcji łozek wynosi \$30,000.00 nie \$20,000.00 czyli musimy odjąć następne \$10,000.00 czyli zostaje \$113,314.00 wszystkie rachunki włącznie z łozkami (320 szt.) które wysłaliście za późno i nie były montowane są u nas w magazynie do wglądu z chwilą gdy Szanowny P.Tadeusz zjawi się u nas. Do tego były koszty związane ze składaniem biurek które miały być poskładane a były w kawalkach, dodatkowe koszty związane z transportem do Niemiec na kolach ze względu na opóźnienie produkcji na to wszystko są przecież rachunki nic tutaj nie jest zmyślane tylko chodzi żeby ktoś sobie przypomniał całą historię i zapytał się "ile chłopcy jesteście stracni przez ten nie udany projekt" Jeśli by to było nawet następne \$20,000.00 może się mylić bo niestety jestem w domu nie w pracy o tej porze więc to warto zrobić z tego historii i tracić to co jest do zarobienia??? Ale niestety musimy to zrobić razem z wami bo jeśli za każdym razem będą takie problemy i straty jak dotąd to kto będzie chodził za tym za darmo czy dokładał pieniądze z własnej kieszeni jak do tej pory to robimy??? Zamiast Tadeusz przyjechać i porozmawiać co robimy dalej i jak to będziemy robić to robimy sobie bezsensowne kłopoty które nie mają żadnego sensu gdzie można te parę groszy odrobić na następnym projekcie biorąc pod uwagę że nie będzie to na zasadzie takiej jak wysyłanie tego ostatniego zamówienia (10-ciu kuchni) które powinno być praktycznie już u nas a my w dalszym ciągu nie wiemy czy w ogóle jest to wyprodukowane!!!! na które zresztą pieniądze macie wysłane, stare projekty zapłacone (mówię tu o moich zamówieniach z Denton Stoneworks) i znowu idę i świecę oczyma przed klientem jak ten baran bo nie wiem co powiedzieć, bo albo jest za tydzień albo dwa albo też nie wypłynie wcale o czym dowiaduje się po ostatnich e-mailach!!!! Panie Tadeuszu, potraktuj to poważnie i odpisz co chcesz zrobić i oczywiście prosiłbym o podanie daty kiedy te kuchnie będą wysłane a o resztę pieniędzy od Steva nie martw się bo facet powiedział że choćby nawet ze swoich miał zapłacić to to zrobi i chciał ci to osobiście powiedzieć bo był razem z nami ostatnio jak byliśmy umówieni na rozmowę telefoniczną z Tobą w której niestety najprawdopodobniej nie chciałeś uczestniczyć. Pozdrawiam i czekam na odpowiedź, BKaczor.
